

CREATION FEST

GREEN POLICY

2019

YOU KNOW HOW MUCH WE LIKE
ORANGE...WELL, WE LIKE **GREEN**
JUST AS MUCH!

We believe that we should be good stewards of God's creation.

We recognise the devastating impact that man-made, non-reusable materials are causing on the environment. We therefore make the following pledges:

Creation Fest is committed to reducing food waste by working with local social enterprises to fight against food poverty.

Creation Fest will continue, wherever possible, to work with companies that promote ecological sensitivity.

tearfund

Creation Fest will offer water refill stations in public and backstage areas for all catering needs throughout the campus.

Creation Fest will provide volunteers with a reusable water bottle.

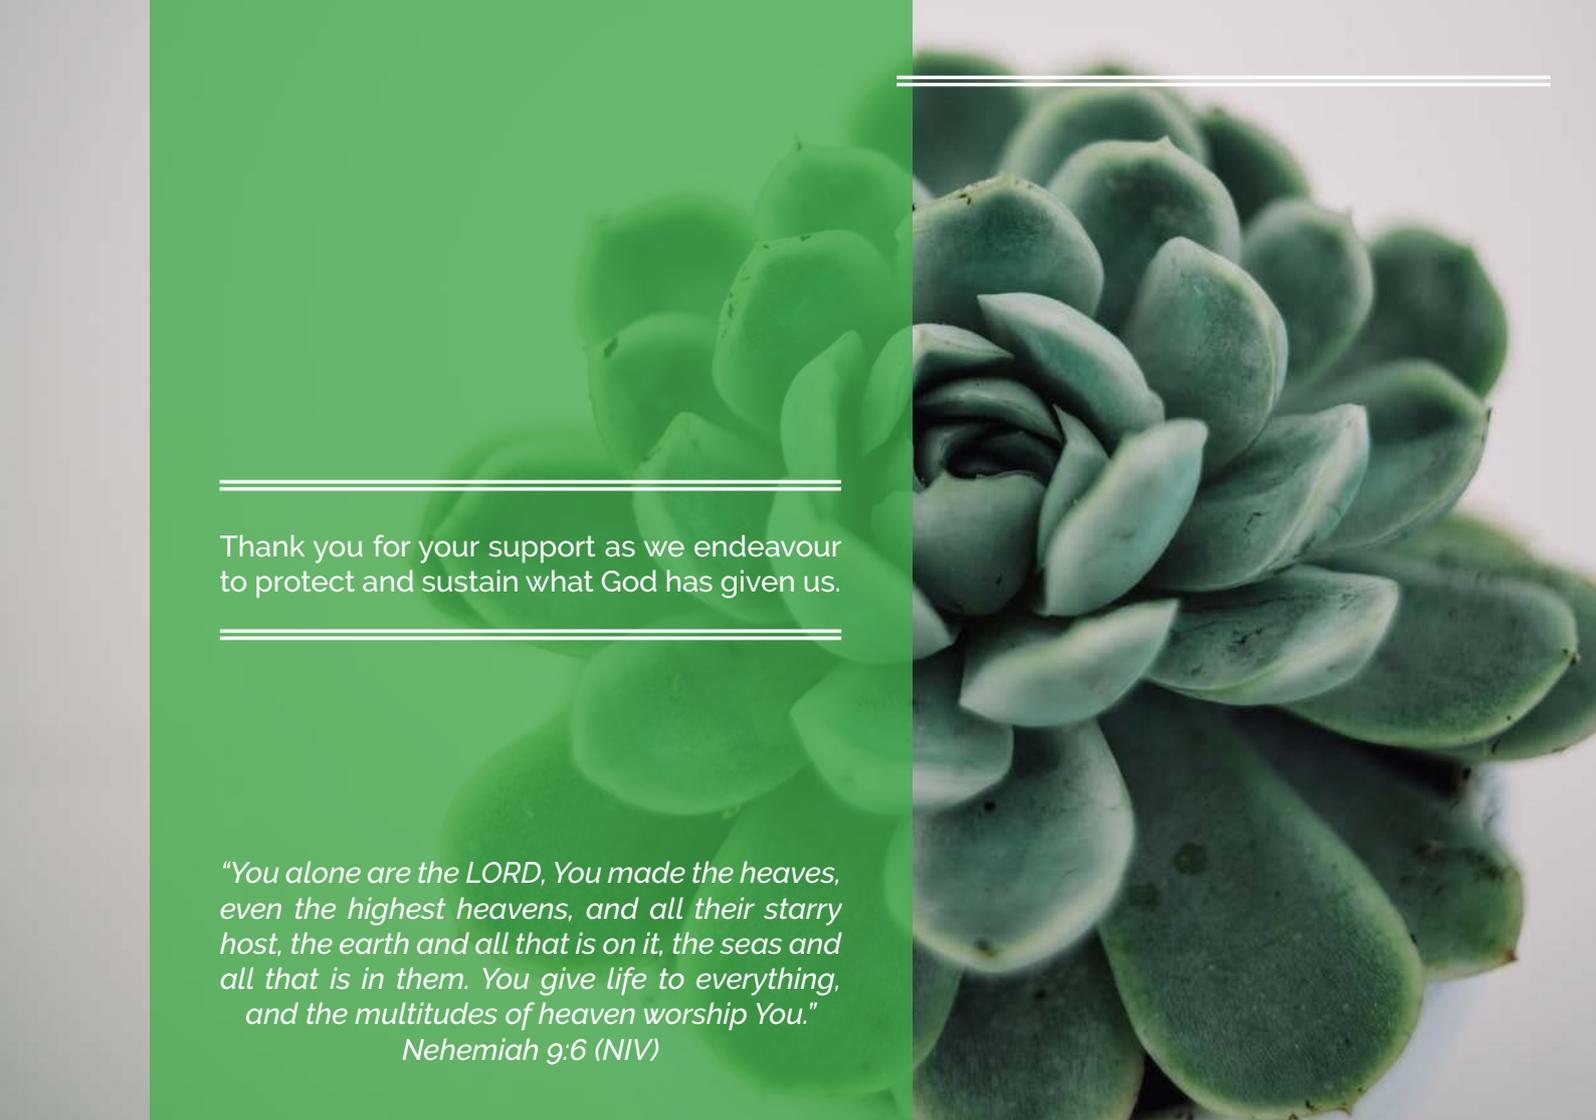

Creation Fest will raise awareness of the impact of single-use plastics on the environment through art and workshops.

Creation Fest is committed to reducing single-use plastics at events, and promote reusable solutions wherever practically possible.

Thank you for your support as we endeavour
to protect and sustain what God has given us.

*"You alone are the LORD, You made the heavens,
even the highest heavens, and all their starry
host, the earth and all that is on it, the seas and
all that is in them. You give life to everything,
and the multitudes of heaven worship You."
Nehemiah 9:6 (NIV)*
